

Elder Abuse Emergency Transport

American Medical Response

719-636-2333

This number will take you to the dispatch center. Please be sure to state what agency you are with and that this is a request for a free transport for an elder abuse victim. This will help with the billing cycle and making sure things are accurate.

Stretcher Transport:

AMR will provide stretcher transport for patients that cannot sit up safely in a wheelchair or that need to go into the emergency room.

Wheelchair Transport:

AMR will provide wheelchair transport for patients that can safely sit up in a wheelchair and do not need monitoring during transport. These vehicles can transport from home to a facility or from facility to facility. These vehicles cannot transport a patient into an emergency room
