

CSFD Community and Public Health

The CSFD Community and Public Health Division can offer the following services outside our normal 911 response:

- **CARES Visits**
 - Program for high 911 and emergency department users
 - Provides patient navigation and connects to appropriate care at the appropriate time at the appropriate place
- **Outreach Programs**
 - Homebound Flu and TDAP Vaccines
 - Home Safety Inspections
 - “Stepping On” classes: a fall prevention program for Seniors
 - Blood Pressure and Blood Sugar Screenings at various areas in the City
- **Staffing for Community Care Plans**
